Tire Protection Plan Limited Warranty

This covers road hazard failures in Passenger & Light Truck Tires. This warranty applies only to the original tire purchaser, it is NOT transferable. This warranty covers only tires described on your original invoice & must be purchased with the tire on that invoice. It covers the tread life of the tire, which becomes unserviceable as a result of a road hazard (cut, impact or irreparable puncture). Tire failure due to fire, collision or vandalism is not covered by this warranty. Not available for farm, commercial, government or some modified vehicles. Restrictions may apply.

Road Hazard – If a tire covered by this warranty becomes unserviceable due to a road hazard and there is still 50% of useable tread remaining, the tire will be replaced at no charge. If more than 50% of the useable tread is gone, the cost of the replacement tire will be prorated. When the tire is worn down to 2/32nds of an inch or less, the tire warranty period has ended. To determine the replacement price, the percent of usable tread worn off the adjustable tire is multiplied by the adjusting dealer's current price.

Flat Repairs – Repairable punctures will be repaired at no charge.

Replacement Tire – This warranty only covers the original tire purchased. You must buy a new road hazard warranty for each new replacement tire.
